

BAYTREE LOGISTICS PROPERTIES APPOINTS DOMINIK WEIS AS SENIOR DEVELOPMENT MANAGER FOR GERMANY

PRESS RELEASE: LONDON 4 MARCH 2019

Baytree Logistics Properties (“Baytree”), a pan-European logistics and industrial development platform launched by AXA Investment Managers - Real Assets (“AXA IM - Real Assets”) in 2015, announces the appointment of Dominik Weis as Senior Development Manager for Germany, effective immediately.

Based in Frankfurt, Dominik will report directly to Sascha Petersmann, Baytree’s Head of Germany, and will play a key role in supporting the growth of Baytree’s development activities in Germany. He brings over 15 years of real estate experience, having previously worked in senior development and investment roles at a number of logistics property companies including Harder & Partner, Segro and Garbe.

Baytree Germany has strong occupier and local stakeholder relationships in a number of key markets across Germany and Dominik’s appointment will support Baytree as it looks to add to its existing pan-European development portfolio, which will deliver over 600,000 sqm of institutional-quality leasable space. The German logistics market continues to be characterised by a significant demand/supply imbalance.

Sascha Petersmann, Head of Baytree in Germany, commented: “Dominik’s appointment will increase our market visibility whilst enabling us to accelerate our interactions with customers and land owners across Germany. I am excited by the opportunity to work with Dominik to grow the German business by delivering innovative warehouse solutions to our diverse customer base in locations that support their supply chains.”

Rabih Modad, Managing Director of Baytree, commented: “Dominik’s experience and track record will expand Baytree’s capacity in securing and delivering high profile German developments in a competitive market. We welcome Dominik to the Baytree team and look forward to working with him in what is a core market for us.”

Note to editors

Baytree Logistics Properties is a pan-European logistics and industrial development company focusing on the UK, German and French markets. Baytree was launched in 2015 by AXA Investment Managers - Real Assets, one of Europe's largest real estate portfolio and asset managers. Baytree provides development management services to the institutional investor clients of AXA IM - Real Assets. This service includes site identification, master planning, design, project management, procurement, delivery and aftercare. Baytree is focused on delivering high quality logistics, commercial and industrial buildings that meet the changing property needs of our customers. The Baytree team is highly experienced, previously having delivered over 5m sq m of logistics space for customers across Europe, China and the Middle East.
