

## PRESS RELEASE

Frankfurt, 2 September 2019

### **Baytree Logistics Properties appoints Mark Urschel as Senior Technical Director, Germany**

---

Baytree Logistics Properties ("Baytree"), the pan-European logistics and industrial development platform, announces the appointment of Mark Urschel as Senior Technical Director, Germany, effective immediately.

Mark has nearly 20 years of technical and project management experience in the logistics real estate space. He joins Baytree from GSE, the logistics building contractor, where he held a number of senior roles including Head of Costing and Purchasing and oversaw the delivery of a number of major logistics projects. Mark's track record in the construction of build-to-suit logistics projects will further enhance Baytree's market-leading service offering to its diverse range of customers.

Mark will report to Sascha Petersmann, Baytree's Head of Germany. He will work alongside Jonathan Fenton-Jones, Baytree's Director of Operations, to drive innovation in building design and construction across Baytree's growing portfolio of development schemes, via its proprietary "Baytree Edge" focus areas:

- Technology enabled
- Design with flexibility for future change
- Health and wellbeing of building users
- Clean air, water, soil and energy

**Sascha Petersmann, Head of Baytree in Germany, commented:** "Mark's appointment will enhance our technical expertise in Germany as we position ourselves on more complex sites and service the ever-evolving requirements of our customers. Together, we will continue to deliver innovative warehouse solutions to our customers in strategic locations."

**Rabih Modad, Managing Director of Baytree, commented:** "As we grow our portfolio of developments in Germany, Mark's experience and skills will enable Baytree to focus on the execution of our projects. We welcome Mark to the Baytree team and look forward to working with him."

#### Note to editors

**Baytree Logistics Properties** is a pan-European logistics and industrial development company focusing on the UK, German and French markets. Baytree was launched in 2015 by AXA Investment Managers - Real Assets, one of Europe's largest real estate portfolio and asset managers. Baytree provides development management services to the institutional investor clients of AXA IM - Real Assets. This service includes site identification, master planning, design, project management, procurement, delivery and aftercare. Baytree is focused on delivering high quality logistics, commercial and industrial buildings that meet the changing property needs of our customers. The Baytree team is highly experienced, previously having delivered over 5m sq m of logistics space for customers across Europe, China and the Middle East.
